AS1	-	-	-
AS2	-	-	-
AS3	-	-	-
AS4	-	-	-

The materials listed in this overview describe those which are currently used by MPC. It serves only as a reference for the user and in no way implies that MPC is required to use these listed materials. As raw material prices move and new technologies emerge, MPC reserves the right to change raw materials and processes used in our products as long as MPC can demonstrate that the overall clamp performance and corrosion resistance has not been impaired.
