Materialene som er oppført i denne oversikten beskriver de som i dag brukes av MPC. Det fungerer bare som en referanse for brukeren og innebærer på ingen måte at MPC er pålagt å bruke disse listede materialene. Når råvareprisene beveger seg og nye teknologier dukker opp, forbeholder MPC seg retten til å endre råvarer og prosesser som brukes i våre produkter så lenge MPC kan påvise at den generelle produktytelsen og korrosjonsbestandigheten ikke er blitt svekket.
